Brand New Book ***** Print on Demand *****.Excerpt from Norwich: A Social Study There is great value to the citizen of any important town in having some book which gives him a complete and impartial account of the various activities of which his particular city is the centre. It is not merely the interest of being able to take a general view, but one can form true judgments and express reasoned criticism. Norwich is a place with a very full life, and having great individuality. It possesses the strength and weakness of its isolated position. It is strong because it can make efforts of its own, without regard to the attitude of competing neighbours. It is weak because it may grow indifferent through the lack of wholesome competition, and because it may also become self-satisfied through being self-centred. It is well that we in Norwich should know ourselves. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
