Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Dialogue 2 dot 0 is a book oriented to entrepreneurs, managers and executives in marketing, advertising, public relations or human resources. This book is for those who want a better understanding of how to benefit from social networks to promote a project or organization. Do you want to know more about Web 2.0 without being overwhelmed by a huge amount of technical information? Are you looking for practical references that will help you establish a presence in social media without killing yourself trying ? As an entrepreneur and professional communicator, Juan Carlos Jimenez, offers practical guidelines related to social network management. This isn't a technical book and it won't tell you how to manage the technical aspects of social networks. The goal is to supply you with strategic communications criteria that you should keep in mind when you use Facebook or Twitter. Its content provides a comprehensive idea of how you can use Web 2.0 as a set of tools and services.
