Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.After years of living with the embarrassment and pain of an epic snoring problem, too many doctor visits, tests, gadgets, sprays, sleepless nights and feeling tired all the time, I finally found a simple, painless solution that helped me stop snoring. The results were immediate and permanent. It did not require any medication, clunky devices or surgery. This book is for anyone dealing with an epic snoring problem, has been looking for a solution and has been let down by the options out there today. I was out of the country when I discovered a little trick that worked for me. It worked the first night I tried it and I while I d spent years searching for answers at home, it took just 5 minutes of searching while on vacation across the globe to tap into one possibility that no doctor, book or website back home had ever mentioned. Please Note: This book is not intended to offer medical advice. I am not a doctor or medical professional. I m sharing my story because I stumbled onto a simple - and honestly, slightly silly solution that actually worked for me and I want to make sure that others know about it. Even if your snoring is not eradicated as quickly as mine was, there is likely a path to your own solution that can be found in my story. Sometimes the solution is right under your nose.
