By Archibald Leete McDonald

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Essentials of Surgery, a Textbook of Surgery, for Student and Graduate: Nurses and for Those Interested in the Care of the Sick These notes are prepared for the use of senior nurses in connection with a course on The Principles of Surgery, in the belief that the nurse can more intelligently assist in the care of her patient if she has a reasonable conception of the conditions present and of the indications to be met in treatment. An elementary understanding of anatomy, physiology, and bacteriology, as usually presented to nurses, is assumed. No attempt is made to cover these subjects, except in a few instances to emphasize certain relations to surgical conditions. The course covers the general principles of surgical diseases and the pathological changes which result. Also, under separate headings, the more important surgical lesions involving special regions of the body, are considered. The matter is presented simply, and only general statements are made concerning: 1. Etiology, causal factors. 2. Pathology, local tissue changes produced, and general effects. 3. Natural course of the disease...
