This Strange Quantum World You

By Patricia Topp

Blue Dolphin Publishing, Inc. Paperback. Book Condition: New. Paperback. 60 pages. Dimensions: 8.4in. x 5.5in. x 0.2in. In the last few centuries, scientists studying the world in an objective way have solved many problems. Yet, with the view that only measurable things have reality, they have managed to split themselves and all of us off from the deep spiritual connection needed to live meaningful lives. Thus the scientists came upon their discoveries in the world of quantum physics totally unprepared. Their view of how the universe worked was shattered when they found that they could no longer stand outside looking in. In some strange way they themselves had become a part of their own experiments. This Strange Quantum World and You is a book for those from 9 to 90 who wish to gain some understanding of this quantum world. This smaller-than-an-atom world can be known only by suggestion. This book is geared toward children and suggests a few simple experiments to learn how the energy and the material part of our universe may work and that they are really different states of the same thing. We discover how information is carried in such a way as to make everything and...
