SLOW COMES THE DARK VOLUME 3 DARKNESS DESCENDS

Broquard eBooks, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. The fight for freedom from corporation control spreads to Ragnar-B, a remote world in the rim sector of Twillis, adjacent to the rebel Abelard Sector. On this world, the fight takes a wildly different turn. The three top CEOs of the three most powerful corporations, Galaxy Dynamics, General Robotics, and Galactic Electronics, have secretly built robot fighters, the tin cans, or CAM (Cybernetic Android Mobile). However, their scheme is vastly worse than mere impervious fighting robots. They ve developed the Shadow Maker system. When its rays hit a human being, it slowly turns the body into its constituent atoms and molecules, leaving a small pile of dust. Worse, via an ultra-high frequency ray in the kiloyatta-hertz range, the spiritual beings, the personality, the person, the id, the ghost, or the soul, whatever you wish to call it, is pulled out of their disintegrating body and forced into one of these new robot bodies. Worse, via this same energy beam, the being is then forced to operate the robot shell and fight for the CEOs, killing other people on Ragnar-B. None can resist the CEOs orders, because this blinding white energy delivers intense headaches until the being obeys their orders. As the story opens, Captain Janine Alouse and her platoon are fighting to protect some rare earth mines from the CAM attack. Meanwhile, the CEOs launch a massive attack using tens of thousands of these CAMs, many in one-man fighters, that magnetically grapple onto Ragnar-B s main battleship and then cut large holes in its hull, eventually decompressing the entire ship, killing all onboard. Captain Janine s half-sister, Dr. Alison Wade, an electronics genius, has been helping work...
